Clear Channel stations strive for broad and inclusive outreach. Examples of the efforts made by stations in this employment unit include conducting internship programs, participating in job and career fairs, and exposing numerous educational and community organizations to station operations and broadcast career paths through station tours, job shadowing opportunities, speaking engagements, etc.

For additional information concerning the outreach efforts undertaken by stations in this employment unit, see the attached EEO Public File Reports.

During the two-year period covered by this Broadcast Equal Employment Opportunity Program Report, the stations have experienced no notable difficulties in our outreach efforts as of the date of this application.
